Sher-e-Bangla Nagar, Agargaon, Dhaka-1207

## **BIOGRAPHY**

---

**Dr. Rajib Nayan Chowdhury** is working as the **Professor & head of Dept. of Neurophysiology**. He was born in 1971, at Kishoreganj. He passed SSC from Kishoreganj Govt. Boys' High School and HSC from Dhaka College with star marks. He is graduated from Dhaka Medical College in 1996 and joined as Assistant surgeon in 1999 through 18<sup>th</sup> BCS. He did his FCPS (Medicine) in 2004 and MD (Neurology) in 2010. He served in rural health facilities and medical colleges with different responsibilities. Before joining here he worked as Assistant Professor of Neurology in Dhaka Medical College. In addition to his regular activities Neurophysiology lab. was under his supervision. Then he joined here in Dept. of Neurophysiology of National Institute of Neurosciences & Hospital. Neurophysiology is relatively a new superspeciality dealing with neuromuscular disorders and epilepsy. He has got several publications in international and national journals. He has written a book "**NCS& EMG- Made Easy**" in 2019. This is something new in this field in the context of Bangladesh. He has keen interest in teaching, carrying out research and training doctors and technicians in the field of neurology and neurophysiology.
